

## THE LOG LUGGER

As you haul your firewood in from the cold, say farewell to splinters and dusty clothes with this new Log Luggger. Made from heavy-duty hessian, it's a roomy 45 x 90 centimetres, and features specially stiffened sides to keep the bag open as you fill it. Heavy-duty webbing handles make it easy to lug those logs. \$45.95 plus postage and handling, from [www.interfaceaustralia.com](http://www.interfaceaustralia.com).

## STEP BACK IN TIME

Actors Chris and Judith Cornish have set up a historical theatre production with a difference. Join them for a stroll through Hobart's streets as they re-enact a slice of convict history. "Louisa's Walk" is the story of one Irishwoman, Louisa Regan, and her conviction and transportation to Tasmania and subsequent life there. By means of prose, songs and other characters, the Cornishes weave a dramatic tale that brings the grim history of the era to life.
